

NUGENT TRAILERS

GENERAL PURPOSE TRAILERS

The **Nugent General Purpose Trailer Range** is designed and constructed for maximum strength and durability to enable it to withstand the rigorous demands of its user's day in, day out. With full type approval (ECWVTA) the General Purpose Trailer is a popular choice for those who wish to combine manoeuvrability, strength and quality with good value for money.

The Nugent 6x4 and 8x4 single axle general purpose trailers provide an easy handling option and a cost effective solution for those who do not use a trailer daily. Both are fitted with a strong, low maintenance rubber torsion suspension unit which is available in either 750kg unbraked or the heavier 1400kg braked option. The Nugent General Purpose Trailer range extends to the 8x4 and 10x5 twin axle. Tough and adaptable they provide the perfect solution for all your contracting requirements. All General Purpose Trailers can be fitted with mesh sides allowing users to transport loads safely and easily. They can also be fitted with a full ramp tail door creating a perfect trailer for transporting your ATV, lawnmower, small plant and equipment.

Models are available with maximum gross weights up to 2700kg and the standard design includes plenty of desirable features.

Standard Features

- Market Leading Knott Brakes
- Auto Reverse Coupling (Semi automatic locking head)
- Lockable Coupling and Heavy Duty Jockey Wheel

Optional Extras

- Ladder Rack
- Aluminium Threadplate Floor
- Mesh Extensions
- Rear Mesh Panels
- Full Ramp Tail Door
- Inset Lashing Rings
- LED Lights
- Spare Wheel Kit
